The Artistic Phonograph

The incomparable tone of the Starr Phonograph would be just as true, just as natural if the case were of the roughest unfinished boards, but cultured folk demand art in both design and finish.

The Starr is obviously the only phonograph given a plano finish throughout. Craftsmen long skilled in the standard demanded in the Starr product, have created an instrument distinct in design and of inusual finish among smaller musical instruments.

SAYS PAPER IS MADE FROM COTTON STALKS

GERMAN TESTING OFFICE RE-PORTS NEW DISCOVERY.

USUAL METHODS FOLLOWED

WOULD MEAN MILLIONS.

Solution of Problem Long Sought, Says L. B. Palmer. NEW YORK, August 8.-Lincoln B.

Palmer, manager of the American News-Palmer, manager of the American Newspaper Publishers' Association, said that, although private and governmental laboratories had been seeking for years to find a suitable substitute for wood pulp in the manufacture of paper, nothing had been produced that would stand the test. "If the Germans have solved the problem," he said, "they will have rendered the United States valuable service, and it ought to bring millions to the inventor of the process. The discovery, if true, should prove a boon to the paper making industry in this country."

PROSECUTOR'S OFFICE OPEN AT NIGHT FOR FIRST TIME

Alvah J. Rucker and Claris Adams, His Deputy, Have Charge, and One Man Consults Regarding Troubles. In accord with the announcement made ast week by Alvah J. Rucker, prosecuting attorney, the office of the prosecutor was open last night from 8 until 10 o'clock. Prosecutor Rucker and Claris Adams, deputy prosecutor, held a consultation with one man who asked advice regarding domestic troubles.

Prosecutor Rucker said he believes many persons will take advantage of the opportunity to consult him and his deputies regarding criminal cases when it is generally known that the prosecutor's office is open Monday, Thursday and Saturday nights.

AGREEMENT WITH PERSIA Great Britain and Russia Reach Understanding, is Report.

PETROGRAD, August 8.—Great Britain and Russia have just concluded an understanding with Persia strengthening the

urday nights.

In cases not involving criminal matters, the prosecutor says, advice will be given without charge to persons who are financially unable to employ counsel, but this service will be ilmited strictly to advising such persons what course of action should be taken.

This practice of the prosecutor's office in maintaining such a bureau will not in any way interfere with the business of lawyers in the county, Prosecutor Rucker also said that when it is necessary for persons asking advice to be represented by an attorney, they will be advised to employ one.

Doctor Bound Over to Court.

(Special to The Indianapolis News) FT. WAYNE, Ind., August 8.-Dr. J. W. McCausland, former Allen county coroner, was bound over to the circuit court to-day charged with performing an illegal operation on a girl, who died later. The physician gave \$3,000 bond and was re-

\$200,000 REALTY SALES Congressmen Would Form Organization Similar to Those in Europe. BY ONE BROKERAGE FIRM

Money is plentiful, rates are easy and confidence seems completely restored, of these transactions was the sa

One of these transactions was the sale of the property at the northwest corner of Alabama and New York streets. Mary E. Langen transferred this property to David Brenneke for a cash consideration of \$38,000. Mr. Brenneke bought the ground for an investment and has had plans drawn by Bass & Co. architects. for a three-story business building to be erected at a cost of from \$55,000. The unusual activity in that vicinity this spring shows that the expansion of the business part of Indianapolis is making it necessary to add a greater territory in every direction to what has heretofore been designated the down-

Thomas Sibel to City Baking Company, part lot 23, Butler's north addition, 39x70 feet, improved, west side Bellefontaine st., south of Six-BERLIN, August 8.—The royal material testing office at Gross-Lichterfelde, a suburb of Berlin, announces the interesting discovery that paper can be manufactured from cotton stalks. The discovery is not regarded as of much importance for Germany, which produces no cotton, but is pointed to as of vast importance to the United States, the greatest producer of cotton in the world, because of the shortage of paper reported in that country.

The discovery was made, it is said, by a German institution while carrying out a commission from an Egyptian firm, given before the war. A shipment of stalks which had arrived from Egypt before the opening of hostilities was used for the experiment.

The stalks were cut and ground, boiled and bleached, and the paper making then proceeded after the usual methods. The result caused the testing office to arrive at the decision that cotton stalks are a good material for making paper.

Transfers, 31; consideration

standing with Persia strengthening the friendly relations between the three counheran.
"The ministers of Russia, Great Britain

"The ministers of Russia, Great Britain and Persia," says the correspondent. "yesterday exchanged notes bringing to a conclusion negotiations which had been in progress between the three countries, creating an entente which definitely strengthens the friendly relations between England, Russia and Persia.

"A solution mutually favorable to all the parties has been found for questions relating to the financial and military organization of Persia. As regards the military organization, it will be effected in north Persia by the development of the Persian brigade and in south Persia by the formation of sufficiently strong contingents."

dricks for \$30,000. This corner is improved and will be held as an investment.

W. E. Stevenson & Co. handled the sale of ground along the Lake Erie tracks south of Thirtieth street to the Lake Erie division of the New York Central Railway Company for Fred Wooster, The price was \$23,000.

A small business site in Virginia avenue just beyond the viaduct was sold to B. Q. Hendricks for \$6,000. This is only one of numerous sales of close-in property south of Washington street brought about by the track elevation work.

The Stevenson company also handled the sale of the eighty-acre farm of Mary Ringer, in Washington township, to the Boulevard and Country Site Company for a cash price of \$37,500. The Henry K. Merritt home was sold to the same company for \$4,500.

One of the fine homes on Pennsylvania street, near Fourteenth street, was sold by the Ogle estate to William O'Conner for \$18,000 through Stevenson & Co.

Real Estate Transfers.

In revising the munitions tax the com mittee struck out the varying rates provided in the house bill for muniwar, powder, explosives, shells, cartridges, projectiles, products of copper and the like, and decided to substitute a flat uniform tax on all of these commodities. Determining that the tax should be made a net profit tax on the manufacturer, the com-mittee also decided to add the following commodities utilized in making munitions: Steel billets, ingots, blooms, shell forgings, denatured alcohol and cotton linters. In addition, chemicals actually used in the manufacture of munitions would be taxed. The rate to be imposed still is to be determined.

In consideration of revision of the munitions section, Secretary McAdoo sat with the committee and submitted statistics showing that on all of the commodities added to the taxable list profits have been abnormal since the beginning of the European war.

Income Tax Section Completed. The income tax section was completed during the day, the committee retaining the normal tax of 2 per cent. on all inthe normal tax of 2 per cent. on all incomes in excess of \$4,0000 and \$3,000, respectively, for married persons and single persons, adding the special tax of 1 per cent. on incomes in excess of \$3,000 and \$2,000, respectively, for married and single persons, retaining the surtaxes as proposed in the house bill, with the exception of an increase from 10 to 13 per cent. on incomes in excess of \$1,000,000. All of the proposed changes are subject the proposed changes are subject to the approval of the Democratic cau

THREE ARRESTS MADE.

One Man Accused of Using Paper Cups

Twice-Two Grocers Held. Three arrests for violation of the state pure food law were made today by sanitary inspectors from the state board of health. Joe Levy, the owner of a refreshment stand in the city market house, was arrested by William Bucksot and charged with using individual paper drinking cups more than once in selling

The practice among lemonade men who The practice among lemonade men who desire to use the cups more than once, the state board inspectors say, is to shake all the lemonade out and smooth the cups carefully between their hands. They are then put back among the unused cups. A customer may prevent this by crushing his cup in his hand, after drinking from it. Levy's trial is set for Wednesday at 2 p. m. in the court of Louis L. Kiefer, justice of the peace.

p. m. in the court of Louis ...
justice of the peace.
Nuta Florea and Cracune Florea, who operate a grocery at 469 West Washington street, were arrested by John Evans, who charged them with failing to dispose of their garbage properly. The men had their garbage properly. The men had been warned not to permit garbage to accumulate in their store, but did not heed the warning, Evans said, at their arraignment today. Their trial is also set for Wednesday in Kiefer's court. All three men provided bond.
